

Advisory to Parents: Pesticides and Herbicides

St. Francis School does not make regular applications of pesticides outside of its buildings. Further, we do not apply either pesticides or herbicides to our lawns.

State Law requires that, prior to any scheduled application of pesticides or herbicides to the school grounds or inside school buildings (none of which are currently anticipated), parents/guardians have the right to prior notification.

In certain emergency situations, such as an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but you will be notified following any such application.

If you need prior notification, please complete the form below and return it to the school office.

PRIOR NOTIFICATION REQUEST

PARENT NAME: _____

STUDENT NAME: _____

STREET ADDRESS: _____

CITY, ZIP: _____
